

DALLAS FAIR.

Another Beautiful Day and Another Large Crowd Take in the Great Exposition.

Tarrant County Takes Off the Blue Ribbon on Polled Cattle and the Red on Holsteins—Notes.

Special to the Gazette.

DALLAS, TEX., Oct. 28.—A lovelier day than this would be hard to find in any country, and a large number took advantage of it to visit the fair, but the attendance was somewhat smaller than yesterday. The Mexican band gave a special concert in the afternoon, and the parade of the 170 state cadets was left this evening for Bryan.

IN THE ARENA.

There was a fine display of polled breeds in the afternoon, in which the bull, heifer and herd of Estill & Estill of Tarrant county swept up the blue and red ribbons. Cattlemen, who are fine judges, say that "Daisy," a yearling heifer that took the first premium in her class, was the finest animal of the breed they had ever seen. In the Holstein show K. M. VanZandt of Tarrant took the blue ribbon on his fine bull. There was a fine display of Jerseys, both from Texas and Tennessee, Captain Gray of Kaufman taking the blue ribbon on his great bull.

In the horse department, standardbred trotters, thoroughbreds, roadsters, embracing all strains of horses especially designed for the road, and horses of all vices, were exhibited, and the show was very fine. Grayson, Denton, Collin and Ellis fairly divided honors in the awards of premiums.

An exhibition of rifle shooting by little Fred Petmochy of Austin was really wonderful. The friends of the boy are willing to bet him against C. R. or any other of the fancy shots. What Petmochy can't hit with a rifle bullet must be very small indeed.

IN POWER HALL.

The great attraction to-day was a miniature steam engine, a model, the invention of a negro boy who is in mechanics what Blind Tom is in music. Fred Winn, the negro in question, was born of slave parents, who were ordinary field hands, but he has the genius of invention beyond doubt. His invention is a straight line motor actuating steam engine, in which it is claimed the dead center has been nearly overcome. The fact that the negro invented this machine is attested by the best people of the county.

THE RACES.

It was late when the racing began, and nearly dark when the last race was completed. Three special races had been arranged, and all were good. The track was still heavy, and under the circumstances the time made was good. There was a trotting race—mile heats—three-quarter dash, and a mile dash.

SUMMARY TROT.
